PART-B EDF / SOFTEX Procedure

B.1 Export of goods through Customs ports

(i) Customs shall certify the value declared and give running serial number on the two copies of Export Declaration Form (EDF), submitted by exporter at Non- Electronic Data Interchange (EDI) port.

(ii) Customs shall retain the original EDF for transmission to the Reserve Bank and return the duplicate copy to the exporter.

(iii) At the time of shipment of goods, exporters shall submit the duplicate copy of the EDF to Customs. After examining the goods, Customs shall certify the quantity in the form and return it to the exporter for submission to AD for negotiation or collection of export bills.

(iv) Within 21 days from the date of export, exporter shall lodge the duplicate copy together with relative shipping documents and an extra copy of the invoice to the AD named in the EDF.

(v) After the documents have been negotiated / sent for collection, the AD shall report the transaction through Export Data Processing and Monitoring System (EDPMS) to the Reserve Bank and retain the documents at their end.

(vi) In case of exports made under deferred credit arrangement or to joint ventures abroad against equity participation or under rupee credit agreement, the number and date of the Reserve Bank approval and/or number and date of the relative RBI circular shall be recorded at the appropriate place on the EDF.

(vii) Where duplicate copy of EDF is misplaced or lost, AD may accept copy of duplicate EDF duly certified by Customs.

B.2 Export of goods/ software done through EDI ports

(i) The shipping bill shall be submitted in duplicate to the authority concerned (Commissioner of Customs or the SEZ, if the export is made through it).

(ii) After verifying and authenticating, the authority concerned shall hand over to the exporter, one copy of the shipping bill marked 'Exchange Control (EC) Copy' for being submitted to the AD bank within 21 days from the date of export for collection/negotiation of shipping documents. However, in cases where EC copy of shipping bill is not printed in terms of CBEC's Circular No. 55/2016-Customs dated November 23, 2016 and data of shipping bill is integrated with EDPMS, requirement of submission of EC copy of shipping bill with the AD bank would not be there.

(iii) The manner of disposal of EC copy of Shipping Bill shall be the same as that for EDF. The duplicate copy of the form together with a copy of invoice etc. shall be retained by ADs and may not be submitted to the Reserve Bank. The question of disposal of EC copy of shipping bill will, however, not arise where EC copy of shipping bill is not printed in terms of CBEC's Circular No.55/2016-Customs dated November 23, 2016 and data of shipping bill is integrated with EDPMS.

Note: - In cases where ECGC/private insurance companies regulated by Insurance Regulatory and Development Authority (IRDA) initially settles the claims of exporters and the export proceeds are subsequently received from the buyer/buyer's country, the share of exporters in the amount so received is disbursed through the AD which had handled the shipping documents post receipt of certificate issued by ECGC/ private insurance companies. The certificate will indicate the number of declaration form, name of the exporter, name of the AD, date of negotiation, bill number, invoice value and the amount actually received by ECGC/private insurance company.

B.3 Export of goods through Post

Postal Authorities shall allow export of goods by post only if the original copy of the EDF has been countersigned by an AD. Therefore, EDF which involve sending goods by post should be first presented by the exporter to an AD for countersignature. The procedure is as under:

(i) AD shall countersign EDF after ensuring that the parcel has been addressed to their branch or correspondent bank in the country of import and return the original copy to the exporter, who shall then submit the EDF to the post office with the parcel.

(ii) The duplicate copy of EDF shall be retained by the AD to whom the exporter shall submit relevant documents together with an extra copy of invoice for negotiation/collection, within the prescribed period of 21 days.

(iii) The concerned overseas branch or correspondent shall be instructed to deliver the parcel to consignee against payment or acceptance of relative bill.

(iv) AD may, however, countersign EDF covering parcels addressed direct to the consignees, provided:

(a) An irrevocable letter of credit for the full value of export has been opened in favor of the exporter and has been advised through the AD concerned.

Or

(b) The full value of the shipment has been received in advance by the exporter through an AD.

Or

(c) The AD is satisfied, on the basis of the standing and track record of the exporter and the arrangements made for realization of the export proceeds.

In such cases, particulars of advance payment/letter of credit / AD's certification of standing, etc., of the exporter should be furnished on the form under proper authentication.

(v) Any alteration in the name and address of consignee on the EDF form should also be authenticated by AD under its stamp and signature.

B.4 Mid-sea trans-shipment of catch by deep sea fishing vessels

(i) Since deep sea fishing involves continuous sailing outside the territorial limit, trans-shipment of catches takes place in the high sea leading to procedural constraints in regulatory reporting requirement viz. the Declaration of Export in terms of [Notification No.FEMA.23\(R\)/2015-RB dated January 12, 2016](#).

(ii) For mid-sea trans-shipment of catches by Indian owned vessels, as per the norms prescribed by the Ministry of agriculture, Government of India, the EDF declaration procedure in this regard has been rationalised in consultation with the Government of India as outlined below should be followed by the exporter in conformity with Regulation 3 of [Notification No.FEMA.23 \(R\)/2015-RB dated January 12, 2016](#).

a) The exporters may submit the EDF, duly signed by the Master of the vessel in lieu of Custom certification, indicating the composition of the catch, quantity, export value, date of shipment (date of transfer of catch), etc duly supported by a certificate from an international cargo surveyor.

b) Bill of Lading / receipt of trans-shipment issued by the carrier vessel should include the EDF Number.

c) The prescribed period of realization and repatriation should be reckoned with reference to the date of transfer of catch as certified by the Master of the vessel or the date of the invoice, whichever is earlier.

d) The EDF, both original and duplicate, should indicate the number and date of Letter of Permit issued by Ministry of Agriculture for operation of the vessel.

e) The exporter will complete the EDF in duplicate and both the copies may be submitted to the Customs at the registered port of the vessel or any other port as approved by Ministry of Agriculture. EDF (Original) will be retained by the Customs for capturing of data in Customs' Electronic Data Interchange.

f) Customs will give their running serial number on both the copies of EDF and will return the duplicate copy to the exporter as the value certification of the export has already been done as mentioned above.

g) Rules, Regulations and Directions issued in respect of the procedure for submission of the EDF by exporter to the AD Category-I banks, and the disposal of these forms by these banks will be same as applicable to the other exporters.

B.5 SOFTEX Forms

(i) All software exporters can now file single as well as bulk SOFTEX form in the form of a statement in excel format to the competent authority for certification. Since the SOFTEX data from STPI/SEZ are being transmitted in electronic format to RBI, the exporters now have to submit the SOFTEX form in duplicate as per the revised procedure. STPI/SEZ will retain one copy and handover duplicate copy to exporters after due certification. As hitherto, the exporters have to provide information about all the invoices including the ones lesser than US\$25000, in the bulk statement in excel format.

(ii) A common "SOFTEX Form" has been devised to declare single as well as bulk software exports.

(iii) Reserve Bank of India has extended the facility for online generation of the EDF Form Number and the SOFTEX Form Number (Single as well as Bulk for use in off-site software exports). The facility of manual allotment of single as well bulk SOFTEX form number by Regional Offices of RBI has been dispensed with accordingly.

(iv) Invoicing of software exports

a) For long duration contracts involving series of transmissions, the exporters should bill their overseas clients periodically, i.e., at least once a month or on reaching the 'milestone' as provided in the contract entered into with the overseas client and the last invoice / bill should be raised not later than 15 days from the date of completion of the contract. It would be in order for the exporters to submit a combined SOFTEX form for all the invoices raised on a particular overseas client, including advance remittances received in a month.

b) Contracts involving only 'one-shot operation', the invoice/bill should be raised within 15 days from the date of transmission.

c) The exporter should submit declaration in Form SOFTEX in quadruplicate in respect of export of computer software and audio / video / television software to the designated official concerned of the Government of India at STPI / EPZ / FTZ / SEZ for valuation / certification not later than 30 days from the date of invoice / the date of last invoice raised in a month, as indicated above. The designated officials may also certify the SOFTEX Forms of EOUs, which are registered with them.

d) The invoices raised on overseas clients as at (a) to (c) above will be subject to valuation of export declared on SOFTEX form by the designated official concerned of the Government of India and consequent amendment made in the invoice value, if necessary.

B.6 Citing of specific identification numbers

In all applications / correspondence with the Reserve Bank, the specific identification number as available on the EDF and SOFTEX forms should invariably be cited.

B.7 Export of Services

It is clarified that, in respect of export of services to which none of the Forms specified in these Regulations apply, the exporter may export such services without furnishing any declaration, but shall be liable to realise the amount of foreign exchange which becomes due or accrues on account of such export, and to repatriate the same to India in accordance with the provisions of the Act, and these Regulations, as also other rules and regulations made under the Act.

B.8 Third party export proceeds

Realization of export proceeds in respect of export of goods / software from third party should be duly declared by the exporter in the appropriate declaration form.

B.9 Random verification

In all the above procedures, AD Category – I bank should ensure, by random check of the relevant duplicate forms by their internal / concurrent auditors, that non-realization or short realization allowed, if any, is within the powers delegated to them or has been duly approved by the Reserve Bank, wherever necessary.

B.10 Short Shipments and Shut out Shipments

(i) When part of a shipment covered by an EDF already filed with Customs is short-shipped, the exporter must give notice of short-shipment to the Customs in the form and manner prescribed. In case of delay in obtaining certified short-shipment notice from the Customs, the exporter should give an undertaking to the AD banks to the effect that he has filed the short-shipment notice with the Customs and that he will furnish it as soon as it is obtained.

(ii) Where a shipment has been entirely shut out and there is delay in making arrangements to re-ship, the exporter will give notice in duplicate to the Customs in the form and manner prescribed, attaching thereto the unused duplicate copy of EDF and the shipping bill. The Customs will verify that the shipment was actually shut out, certify the copy of the notice as correct and forward it to the Reserve Bank together with unused duplicate copy of the EDF. In

this case, the original EDF received earlier from Customs will be cancelled. If the shipment is made subsequently, a fresh set of EDF should be completed.

B.11 Consolidation of air cargo/sea cargo

(i) Consolidation of air cargo

a) Where air cargo is shipped under consolidation, the airline company's Master Airway Bill will be issued to the Consolidating Cargo Agent. The Cargo agent in turn will issue his own House Airway Bills (HAWBs) to individual shippers.

b) AD Category – I banks may negotiate HAWBs only if the relative letter of credit specifically provides for negotiation of these documents in lieu of Airway Bills issued by the airline company.

(ii) Consolidation of sea cargo

a) AD Category – I banks may accept Forwarder's Cargo Receipts (FCR) issued by IATA approved agents, in lieu of bills of lading, for negotiation / collection of shipping documents, in respect of export transactions backed by letters of credit, if the relative letter of credit specifically provides for negotiation of this document, in lieu of bill of lading even if the relative sale contract with the overseas buyer does not provide for acceptance of FCR as a shipping document, in lieu of bill of lading

b) Further, Authorized Dealers may, at their discretion, also accept FCR issued by Shipping companies of repute/IATA approved agents (in lieu of bill of lading), for purchase/discount/collection of shipping documents even in cases, where export transactions are not backed by letters of credit, provided their 'relative sale contract' with overseas buyer provides for acceptance of FCR as a shipping document in lieu of bill of lading. However, the acceptance of such FCR for purchase/discount would purely be the credit decision of the bank concerned who, among others, should satisfy itself about the bona fides of the transaction and the track record of the overseas buyer and the Indian supplier since FCRs are not negotiable documents. It would be advisable for the exporters to ensure due diligence on the overseas buyer, in such cases.

B.12 Exemption from Declaration

The requirement of declaration of export of goods and software in the prescribed form will not apply to the cases indicated in Regulation 4 of ²⁰[Notification No.FEMA.23 \(R\)/2015-RB dated January 12, 2016](#). The exporters shall, however, be liable to realise and repatriate export proceeds as per FEMA Regulations.

²⁰ FEM (Export of Goods and Services) Regulations, 2000 was repealed and replaced by FEM (Export of Goods and Services) Regulations, 2015 with effect from January 12, 2016
